## Raw/TL/QC: ItAintEazy

## Edit: Artsinis

### ItAintEazy:

This chapter's LIE-beral, scriptwriting TL note is far page 11. Reika was supposed to say the set phrase "shitashiki naka ni ma reigi ari" meaning, laasely "Yau shauld shaw a madicum af respect even far thase you are clase to" but she replaced "reigi" (respect) with "zengi" (foreplay) sa she's basically saying "Yau shauld da same fareplay even far thase yau are close to." And as yau can see, we improvised for that line.

And to echa Artsinis, if "Hanagui" doesn't get at least 1,000 fallaws an Batota, we wan't da any mare ane shats (just kidding, epeen is averrated anyway. The real maney in scanlating is in cammissians, and even that's a crapshaat.)

### Artsinis:

I'd like ta take this appartunity and pramate the last manga ItAintEazy and I warked an together. It's a cute, little ane-shot by Watoshiya Kawaru called "Hanagui".
If you are like Yukimari yau shauld check it aut far sure!

Oh and can we stay with this amaunt af affscreen text? xD

Edit says we wan't. But Chapter 20 is awesaaoome!
Expect it to toke langer thaugh.
